## THOUGHT BRIBE CAMPAIGN MONEY

Representative Link Declares He Didn't Know Nature of Sum.

CHICAGO, Sept. 30.—State Representative Michael S. Link, who received \$1000, he says, after voting for William Lorimer for Senator, and \$900 from the so-called St. Louis "jack-pot," told the national investigation committee today that when he received the money he thought it was for campaign expenses.

Link, who is a large, round man, testified with occasional bursts of fluency and in a loud voice. He was asked if he was surprised when Lee O'Neill Browne asked him if he, a Democrat, could vote for Lorimer.

"I will pass that question," replied Link, bluntly. Link modified his answer: "I was either surprised or not surprised, that is my answer."

PROMISED LORIMER.

He testified that when Browne asked him if he could vote for Lorimer he (Link) laughed and replied: "Yes, I've got it on my mind. I want you to it. I've already promised Lorimer that I would vote for him."

Browne said he had met Browne at St. Louis at the latter's request and Browne had handed him a package, saying:

"Here's a package for you."

"I opened it," continued Link, "and found \$1000 in it."

"Did you ask what it was for?"

"No, I just took it."

"What did you think it was for?"

"For campaign purposes."

Similar testimony was given by Link regarding a package containing \$900, which he said was given him by State Representative Robert E. Wilson at St. Louis. He considered this as campaign money also.

Link said he made up his mind to vote for Lorimer when the latter delivered a speech in which he declared that Illinois could not vote it alone without federal aid in constructing a deep waterway from Lake Michigan to the Mississippi.

Link denied that Representative Clark Browne told him to keep quiet about his (Link's) contemplated vote for Lorimer.

## TAFT LAID IN CONGRESS REPORT

Miners Praise Chief Executive for Sound Talk on Conservation.

LOS ANGELES, Sept. 30.—That the miners of the United States should help the forestry service in any revision of the reservation law which would conserve timber resources, but any effort to bar prospectors from entry into national reserves or to restrict free use of timber should be opposed, was the gist of a report submitted by the forestry committee of the American Mining Congress today.

The report which was referred to the resolution committee for action, attacked the present restrictions placed on mine prospecting in forest reserves, and recommended the adoption of a report rendered by the same committee last year but sidetracked by the Goldfield convention. This report bitterly criticized the plans of Gifford Pinchot and denounced the administration of the forestry bureau under his direction.

TAFT LAUDER.

President Taft is lauded for his "common sense talk" before the conservation congress at St. Paul, and Senator Nelson's bill relative to timber in national reserves is denounced in the report.

Relative to the President's attitude toward conservation, the report says: "In the opinion of many who heard him, he also made a strong case for recent agitation for a 'new national' or a Federal centralization of power by declaring that the only safe course to pursue was to hold fast to the limitations of the constitution, and to guard as sacred the power of the states."

"It also declared that he time for shapeliest and glittering generalities had passed, and suggested to the congress to come down to details to specific evils and to specific remedies."

DEALS WITH COLD FACTS.

"In connection with the above it may be stated that in all respects that your forestry committee has been dealing with cold facts. It has collected many records of abuses that are inimical to the mining industry, and upon which it based its findings and recommendations which it is hoped and believed might prove useful and favorable to this congress, and also to the forestry service. It is an equitable and legal solution of the rights of all. All this has been done with nothing but the friendliest feeling toward the forestry service, which the committee desires to assist in every way within its power, not forgetting its allegiance to the mining industry."

RIGHTS OF MINERS.

"Whatever differences of opinion may exist relative to the interpretation of the law of 1872 is quite evident that even the officials of the national forest service clearly recognize that the prospector and miner has some legal rights thereunder, otherwise there would be nothing to repeal Senator Nelson's proposed measure, however, leaves nothing to be inferred relative to the rights of prospectors or miners in his free use of timber within our national forests. It completely abrogates all such rights under the law of 1872 will be completely wiped out if Senator Nelson's administrative measure is permitted to pass."

## VIRGINIA HARNED SUES FOR DIVORCE

Actress Accuses E. H. Sothern of Failure to Provide and Desertion.

RENO, Nev., Sept. 30.—Virginia Harned Sothern, the actress, filed suit for divorce today against Edward Sothern in the district court here. Mrs. Sothern alleged failure to provide and desertion for a period of more than one year. The complaint charges that Sothern deserted the plaintiff in 1906 ten years after their marriage at Philadelphia.

Mrs. Sothern alleges a six months residence and also that her husband is now a resident of Nevada county, Nevada.

This is the second suit for divorce filed by Mrs. Sothern. She commenced an action two years ago, but the decree was denied because of her never having lived in Nevada.

## SUFFRAGISTS OPEN ANNUAL MEETING

President Elizabeth Lowe Watson Reviews Progress of Association.

SAN FRANCISCO, Sept. 30.—The annual state convention of the California Suffrage Association opened here today with an invocation by Rev. William Kirk Gilchrist, followed by an address by President Elizabeth Lowe Watson, in which she reviewed the progress of the suffrage movement in this state during the last year.

Mrs. Jennie Amott made an address on child labor, which was one of the interesting features of the morning session.

The afternoon session was given over to hearing from various delegates, among the speakers being Mrs. Charles F. Edison and Professor J. L. Braly of Los Angeles, C. Augustus Turner of New Zealand and others, on the different branches of reform.

Tonight the convention will hear the views on equal suffrage of Hiram Johnson, Republican candidate for Governor, and J. Stitt Wilson, the Socialist nominee for the same office.

DETERMINATION NOTED.

Signs of grim determination were observed on all who entered the assembly room and there was no sign of a hobble skirt or pantalon gown in the place. The ominously quiet alleged militant organization was represented by suffragettes of all periods of the state and a few were assured that those present were but a mere handful of representatives compared with the number which will be seen before the convention closes tomorrow afternoon. The session will be continued this afternoon and all day tomorrow, closing late tomorrow afternoon with an informal reception.

TEST OF METHODS.

A test of suffragette political methods will be made when the election of officers takes place tomorrow morning. Five persons have had the hardihood or nerve to make guesses as to the complexion of the convention and those who have been asked what will be their complexion tomorrow stated indignantly that it is always the same.

A gentleman who has the honor to be the trusted husband of one of the distinguished members was hurried into admitting this morning that his wife had told him that there will be a lively contest for the office of president and that there is a "machine" which has framed a "strategy" that should go through if the delegates vote right.

## HEIRS WIN IN HARD LEGAL BATTLE

Succeed in Breaking the Trust Clause Tying Up Fortune Left by Widow.

(Continued from Page 1)

Dr. Alexander Garceau as executors and trustees under the will as proponents.

The latter were represented in court by J. C. McKinstry, H. R. M. Miller, Joseph Haber and Robert M. Fitzgerald, while the firm of Reed, Black & Reed and H. C. Chapman looked after the interests of the contestants.

TRUST CLAUSE DISLIKED.

The contestants declared that the trust clause of the will was particularly obnoxious to them. By its terms eventually the bulk of the estate would come into the possession of Henry A. Butters Jr., although the time for this to happen was extremely remote.

About fifteen years hence, or when young Butters is 35 years of age, he would have, by the terms of the trust clause, become the trustee of the estate, but before the trust could terminate all the legacies must die. The trust clause practically perpetual, so far as the children were concerned, and in addition the estate was found to be so small after Mrs. Butters' death that it was found impossible to meet expenses and the numerous bequests by one-half at least.

CONTEST BEGINS.

All of these circumstances combined to bring about the contest, which was filed August 12, 1909. Since then David S. Edwards, R. A. Bray and Dr. Alexander Garceau of San Francisco have been appointed special administrators of the estate pending the result of the litigation over the will, and the only heir who has derived any benefit from the estate is Henry A. Butters Jr., now a student at Phillips Exeter academy, who is receiving \$100 a month, aside from \$250 a month from his father's entailed estate in course of probate in San Francisco.

At the time of Mrs. Butters' death it was estimated that her estate was worth close to \$1,000,000. Since then it has dwindled in value to about \$350,000 and probably less. It consists of property at the corner of Sixteenth street and San Pablo avenue, worth \$250,000 and against which the trust stands a mortgage for \$75,000, and a claim against the estate of Henry A. Butters Sr. for \$95,000, which may and may not be realized upon in the distant future.

The names of the jurors were as follows: Robert Kachlein, Arthur S. Maloon, Charles Salmacher, George W. Shreve, H. Thierman, W. H. Martin, Andrew Edlander, William Short, A. P. Rademuller, Ruben Hunter, James Nolan and Henry Meyer.

## DIX IS SLATED FOR GOVERNOR

(Continued from Page 1)

Dix hurried into the quarters of Edward M. Shepard. The two men were in conference for 15 minutes, after which Dix went to see Osborne.

As the rumor of Dix's prominence as a candidate circulated throughout the hotel corridors, excited friends of the other candidates made a rush to Murphy's rooms. Dix reappeared for a minute and reiterated that the question was still unsettled. Asked if any of the other candidates had withdrawn in his favor, Dix replied:

"Not so far as I know."

## ROOSEVELT MARK TWAIN ADMIRER

The ex-President Says He Was Not Merely a Funny Man.

"He was not only a great humorist, but a great philosopher, and his writings form one of the assets in America's contributions to the world of achievement, of which we have a right as a nation to be proud."

Mark Twain died in April this year. The day he died in San Francisco, in spite of the fact that he was nearly penniless here, when he came from Virginia City in the sixties. The bill of having a so many ten-cent place in a pocket for nearly two months.

When 60 years old he was unfortunate in business and assumed debts amounting to \$100,000. He paid it all with his pen and died nearly a million.

Just before his death he expressed the desire that his books might be reduced in price and the terms made low enough to permit any one to own them. He made a contract with the publishers, sacrificing the major portion of his former royalties on a complete authorized edition to be sold at half price and on terms approximating 5 cents a day.

The White House (Raphael Tuck & Co., San Francisco) is now distributing the half-price sets allotted to this section and will reserve a set for you if you will call, write or telephone.

## GRAND JURY HOLDS PHYSICIAN GUILTY OF EVA SWAN'S DEATH

### DR. THOMPSON INDICTED FOR MURDER

Physician Must Face Jury for Tragic Death and Burial of Eva Swan.

(Continued from Page 1)

ing all the attention of the matron, who remained with her for three hours endeavoring to soothe her. Detective Wren received a telephone message this morning from the mysterious Dr. S. L. E., in which a voice over the wire said "I'll be down to see you on Saturday to tell you more about what I said in my letter."

The efforts of the officer to get the unknown to make some admission which would lead to his identity resulted in the hanging up of the telephone receiver.

#### EVIDENCE IS STRONG.

The effect of the indictment today of Dr. Thompson will be to a cold police court proceedings in their entirety, and to bring the details of the horrible affair at once to the attention of a jury. The police have wound around Dr. Thompson a web of circumstantial evidence so strong as to be almost conclusive, and have no fear of the outcome. Monday, when the case of Dr. Thompson is called in Police Judge Conlan's court it will be dismissed and the doctor at once transferred to the branch county jail at Ingleside.

As forecasted in THE TRIBUNE Sunday, the violation of section 290 of the penal code, which provides against the violation of a body, was also charged against the physician in addition to the accusation of murder, so that should he, by some chance, be acquitted or let go on a technicality, he can be held for a felony which, combined with his previous record in the case, can still send him to a penal institution for life.

#### IN TOILS OF LAW.

Thus, a week after the discovery of the dead body of the young woman, the malpractitioner, who not only was responsible for her death, but who cut up her body and disposed of it, is within the grasp of the law.

## TRENCH DIGGING SOLDIERS' TRIAL

Infantrymen at Encampment Do Hard Task in the Broiling Sun.

CAMP ATASCADERO, Sept. 30.—Sizing under a merciless sun, the maneuvers grounds today were populated by at least one battalion of disgraced infantrymen. This was the Second Battalion of the Thirtieth Infantry, commanded by Captain James Beane, and its particular mission was to dig trenches and splinter-proof localities for the purpose of protecting the flanks of a field battery from sniping fire.

The entire command of the camp was employed in similar small exercises, everyone taking a long breath, as it were, between the departure of the first group of the Californians, some of whom are due to arrive as early as tomorrow. The members of the Arizona regiment, after a bright and early start at breaking camp, left for their homes at 8 o'clock this morning. They had a special train as far as Los Angeles. This regiment did excellent work here and its progress, under the able tuition of Major F. R. Day and his associate, Lieut. H. C. Miller, both of the Thirtieth Infantry, was more than satisfactory. In scouting and reconnaissance among their rank and file, many Indians and Mexicans whose peaceful occupation is that of cowboy and whose pastime consists in trailing lost, strayed or stolen livestock, which practice is the same game that they played here.

## Physicians Plan War Against Malpractice

SAN FRANCISCO, Sept. 30.—The physicians and surgeons of this city, stirred by a desire to protect the community from such creatures as "Dr." Robert Thompson, alias Grant, now behind prison bars accused of the murder of Eva Swan, are seriously contemplating steps that will place among the statutes of the state a law that will punish the men who now so easily escape the penalties.

## Today's Developments in Miss Eva Swan's Tragic Death

Dr. Robert Thompson, alias James Grant, is indicted at 3 o'clock in the morning on two counts—for murder and for mutilation of a human body.

Marie Messerschmidt, nurse and companion of Dr. Thompson, tells of his constant performance of illegal operations and reveals the inner secrets of his office besides admitting that she got ready instruments for an unlawful operation upon Eva Swan.

Miss Messerschmidt also gives the names of a dozen local physicians whom she declares are engaged in what is commonly called malpractice, and the grand jurors take steps to start an investigation of each of the physicians.

At 2:30 o'clock this afternoon the grand jurors present the indictments against Dr. Robert Thompson in Judge Van Nostrand's court.

Detectives Burke and Richards investigate new clues in the Eva Swan case which they hope will lead to the strengthening of their chain of evidence.

Detective Sergeant Wren received a telephone communication from Dr. S. L. E., who wrote a letter implicating Parker and declaring that Mrs. Ware was cognizant of Eva Swan's condition, in which the man said he would call at police headquarters tomorrow.

Marie Messerschmidt has suffered a complete nervous breakdown as the result of the ordeal early this morning before the grand jury and may be taken to her home in Berkeley or to a sanatorium under a police guard.

A survey of the conditions that now exist disclose the facts that at least 75 per cent of the accused malpractitioners, except on purely technical grounds, and it is to prevent this that the physicians will work.

#### WILL RAID "HOSPITALS."

The campaign to be waged by the physicians of this city, if carried to a successful end, will make it possible to revoke the license of any physician who permits another person to operate under his name and will give the police the authority to raid all "hospitals" which are openly and notoriously illegal.

Under the provisions of the present law it is rarely possible to secure a conviction of a man who stands in the position of Thompson, for the reason that he seldom has a witness to his criminal proceedings, he and the unconscious patient being alone in the operating room. The movement now under way will have for its object the passage of some law that will work directly upon the offending physician.

#### PREVENT ADVERTISING.

The physicians also propose an amendment that will prevent these men from advertising their criminal business, and thus make it harder for them to operate. At the present time the Federal government denies the use of the mails to such men and the names of such persons are published by the postoffice department. Should these men be prevented from advertising at all it is felt that much of the criminal work will be stopped.

Following is the list compiled by Postmaster Arthur G. Flisk of thirty-five practitioners whose mail has been barred by postal authorities. Five of the number hold physicians' licenses. Dr. E. F. West, whom Thompson bought out and in whose office the dead man masqueraded as "Dr. Grant," is in the list.

## Modish Millinery for Misses' and Children

A feature of our greatly improved Millinery Section is the display of stylish headwear for juveniles. Elegance of trimming, juvenility of design and the widest range of colors to blend with any pretty little dress that's made. Chic little turbans and broad-brimmed hats for the smallest, and for the older girls the Corlay, with tall crown and big bow in front, very like the models for grown-ups. You'll notice quality of style and material in every hat that's designed for juniors. Surprising values at \$2, \$2.50, \$3.25 and to \$10.

## English Tweed TAILORED SUITS Special Value \$27.50

Those English weavers certainly turn out some nobby tweeds. There's a mannishness about them that bespeaks their Yorkshire origin right off.

And it takes these matchless American tailors to build these imported tweeds and mixtures into the smartest Tailored Suits that ever adorn women.

The strikingly clever designing is carried out to perfection in the beautiful workmanship.

That so much quality of material can be put into suits at \$27.50 is sufficient to convince skeptics that the tariff on woollens must actually have been revised downward.

Anyway, they're remarkable values for the money and you owe it to yourself to see them.

## FIRE DAMAGE HALF MILLION

Brewing Company's Elevator Attacked; Firemen Have Narrow Escapes.

CHICAGO, Sept. 30. — More than a half million dollars' damage was done by fire which attacked the Gottfried Brewing company's grain elevator today. Members of several hose companies narrowly escaped death and many buildings in the neighborhood were endangered by

firebrands which flew far on the strong wind. When the walls crumbled in the flying embers set fire to nearby wooden culvert buildings, but firemen were stationed in the lee of the blaze and no damage was done. Several railroad lines found their service cut off for half an hour by those across the tracks. The firemen fought eight hours before controlling the flames.

## WIFE PLEADS FOR DESERTER FROM U. S. ARMY

With Sick Child in Arms She Makes Appeals at the White House.

### HUSBAND VICTIM OF BLACKMAIL, SHE SAYS

After Escaping From Army Post Deserter Married; Captured Later.

WASHINGTON, Sept. 30.—At the White House, where she was seen by the president and Mrs. Taft, a woman today pleaded for the life of her husband, a deserter from the U. S. Army, who is now in the hands of the military authorities.

#### CHARGES BLACKMAIL

According to Mrs. Mabel J. White, who is the wife of the deserter, the man was captured after he had been in the hands of the military authorities for some time. She claims that her husband was a victim of blackmail and that she was forced to pay a large sum of money to secure his release.

## WOMAN IS FREED FROM PT. LOMA

Court Orders Mrs. Julia Quinn Released From Mrs. Tingley's Institution.

AN ORDER was issued today by the federal court at San Francisco, releasing Mrs. Julia Quinn from the custody of Mrs. Tingley's Institution. The order was granted after a hearing in which it was shown that Mrs. Quinn was not a danger to the public and that she was capable of caring for herself.

#### RELEASES WOMAN

The testimony of the hearing revealed that Mrs. Quinn had been in the custody of Mrs. Tingley's Institution for some time. She had been there since she was arrested for a crime which she claimed to be innocent of. The court found that the evidence against her was insufficient to justify her continued detention.

## DESTROY MEAT OF SHARK, WHICH IS EDIBLE

San Francisco Inspector Says It Was Sold as Smoked Sturgeon.

PURE FOOD LAW WAS BEING VIOLATED

Chinese and Japanese Here Cook and Sell Shark Meat.

NEW YORK, Sept. 29.—Shark meat is a delicacy of high quality, according to the scientists who are here attending the sessions of the American Fisheries Society. They declare that the creature is quite edible and that it is only a foolish prejudice which keeps them from being served as a delicacy. One scientist said he preferred shark to lobster. Professor Theodore Gill declared shark meat boiled, "has a flavor as fine as anything which comes from the water." Several of the delegates expressed the belief that the cultivation of the shark as a food fish might do much to solve the problems of the higher cost of living. A discussion of caviar occupied one of the sessions for three hours. Dr. Louis Hissakoff, assistant curator of Ichthyology, of the American Museum of Natural History, said that most of the caviar sold in this country was made from the roe of the Mississippi spoonbill and not from the sturgeon. He reassured consumers, however, by the assertion that the imitation product is "as good or possibly better than the genuine."

### SOLD AS STURGEON.

SAN FRANCISCO, Sept. 29.—The board of health, who have been destroying shark meat on the ground that it was unfit for human consumption, explained through one of their inspectors this afternoon the reason for their action.

It has been said that shark meat was perfectly good for human consumption, and that the fish was as delicate as a deep water food. The inspector, in explaining the action of his men in destroying the fish, said this afternoon: "There are two propositions involved in the destruction of this fish. In the first place it was not being sold as shark meat, but under the guise of smoked sturgeon. This is a violation of the pure food law. A second reason is that shark meat has been considered unfit for human consumption, and has always been destroyed when put upon the market."

"Isn't it a fact that shark meat is palatable, and in fact forms a delicate dish when properly cooked?" "I know it is eaten at times, but the only reason of its having been used for food here is that Chinese and Japanese occasionally cook it and sell it. However, this is dangerous, as the dread disease known as beriberi is often contracted from eating the fish."

A representative of the Western Fish Company who is familiar with all kinds of fish gave it as his opinion that shark meat was all right.

"There is only a prejudice against shark meat," he said, "because the shark grows upon smaller specimens in the sea, and is a deep water fish. I have heard that it is very good to eat and have known of numerous cases where it has been used as food."

## INDIAN FRIENDS' CONFERENCE OPENS

Dr. David P. Barrows of Berkeley to Address Assembly of Noted Educators.

MOHONK LAKE, New York, Sept. 29.—The Lake Mohonk conference of friends of the Indians and other dependent peoples will hold an other short colloquium meeting here, on the invitation of Albert R. Smiley, October 10th, 20 and 21. Commissioner of Indian Affairs, it is expected, will be in attendance. There will be sessions on the Indians, on Porto Rico and on the Philippines.

The Indian program will be largely under the direction of Robert G. Venturi, commissioner of Indian Affairs. It is expected that the committee, of which Charles Andrews of Syracuse is chairman, appointed last year to consider the situation of the New York Indians, will report as to what course ought to be taken in order that the conditions on the reservation may be improved.

DR. BARROWS TO SPEAK.

Speakers on the Philippines will include William B. Norris of Washington, D. C., former judge of a Philippine court of first instance; Commodore Geo. L. Dyer, United States Navy; Professor H. Parker Willis, of Washington, D. C.; Dr. William S. Woodburn, United States civil service commissioner; Bishop Charles J. Egan, of Manila; and Professor Albert Belmont Hart of Harvard University. Others who will contribute to the discussion are: Dr. David P. Barrows of Berkeley, D. D., director of education in the Philippines for the last five years; and Dr. Stanley Hall, president of Clark University, who will speak on a general topic relating to dependent peoples.

Martha Crawford, a member of the Lake Mohonk executive council, Judge Lora McKee Mendenhall of Guyana, and Jere de Gooch of Honduras, formerly of the executive council, will be among the delegates to the session in Porto Rico. Others who are expected to participate in the meeting are: Norman Shinn, formerly a member of the Philippine commission; Congressman William L. Hornburn of Iowa; and Manuel V. Delmonico of Porto Rico.

GROWS \$200 PEARLS FOR TWO DOLLARS

NEW YORK, Sept. 29.—Professor Dashiell, dean of Columbia University, at a meeting of the American Fisheries Society in the Aquarium today told of a secret method of growing pearls which pearls valued at \$200 can be raised for \$2. The secret is being guarded as not to affect the market price of the pearls. Professor Dashiell said that should the secret become generally known pearls would become as cheap as almost as sold buttons.

These are suitable for theaters, parties and evening wear. We could call them costumes, which would probably better describe them. Anyway, they are easily worth \$35. Priced \$19.75.

## Trimmed Hats \$5

The price concessions and extraordinary values in our millinery department have the same force as the balance of this entire stock.

One of the strongest items is the group of beautiful winter hats, deftly trimmed and tastefully embellished, which will be offered at \$5.

The actual value of these hats will be best appreciated when you see them.

## 115 Dress Skirts go at \$3.90

They include panamas, mixtures in quite an extensive variety. For the sale of a just comparison we will say that they are all worth around \$10. Some more, some less. Anyway, the price that we are selling them at doesn't begin to cover the cost of the material from which they are made. You will probably find just the style and color you want in this lot.

## Tailored Suits

\$5

This group of suits includes 162 suits: twelve different styles, one of which we illustrate. A great many colors and a great many different kinds of materials grouped together into one lot, to be sold at the low price of

\$5

None of these suits were sold for less than \$14.75, and many for much more. This item gives you an idea of how deep the price cutting is on this sale and it also shows the imperative necessity that you respond at the earliest possible moment in order to secure the best selection.

## SILK UNDERWEAR

\$7.50 Dresden Silks, \$3.35

Those beautiful Dresden silk now so much in vogue, so attractive, which sold at \$7.50 and even more, go into this sale at \$3.35.

Values up to \$8.50 and \$9

\$3.90

In this group you may find some of the finest skirts we have—large accordion pleated and embellishments of a order—skirts for which would pay \$8.50 and \$9, at \$3.90.

CARSON CITY, Nov. 30. — For the first time in fifty years the doors of the gambling houses in this city have been barred by the law. Under the action of the Legislature of Nevada, gambling in this State will be prohibited from and after January 1, 1909. The action and the action of the Legislature has been the subject of much discussion and argument and political intrigue. The Legislature has been divided into two camps, the one in favor of the law and the other in opposition. The law has been passed by a vote of 11 to 10. The law will be in effect from January 1, 1909. The law will be a death blow to the gambling houses of Carson City. The law will be a death blow to the gambling houses of Carson City. ## A black and white illustration of a woman in a long, ruffled dress, holding a small object to her face, possibly a mirror or a flower. The style is reminiscent of a woodcut or a detailed line drawing. The woman is shown in profile, facing right, with her head tilted slightly back. She has dark, curly hair. The dress is long and voluminous, with multiple layers of ruffles and a full skirt. She is holding a small, dark, round object in her hands, positioned near her face. The background is plain white.

There are about 100 of these dresses, pretty, sweet, little things at a price that just about pays for the sewing machine work that's on them. Most of them are highly embellished with laces and open-work trimmings.

A black and white illustration of a woman in late 19th-century fashion. She is wearing a long, dark, patterned dress with a high collar and long sleeves. Her hat is large and ornate, with a wide brim and a decorative band. She is standing next to a decorative pedestal or column. The illustration is signed 'J. H. H.' at the bottom right.

### Purely a Moral Question.

The point is made that John E. Raker, Democratic nominee for Congress in the First District, is ineligible under the constitution of California to hold the office of Congressman if elected. Raker is Superior Judge of Modoc county. The constitution of California contains this clause:

"The Justices of the Supreme Court and Judges of the Superior Courts shall be ineligible to any other office or public employment, than a judicial office or employment, during the term for which they shall have been elected."

But the Federal constitution and not the constitutions of the respective States prescribes the qualifications of Congressmen. When Judge Conley of Madera county was a candidate for Congress in the Sixth District it was alleged that he was ineligible. There is nothing in it, however. Conley was defeated as Raker will be, so the question of eligibility will not come up in the next Congress.

The only point worthy of consideration in this connection is the fact that Judge Raker, in entering upon his duties as a judicial officer of this State, took an oath to obey and uphold the constitution of California. He has become a candidate for Congress in violation of the constitution he swore to obey and uphold. It is merely a question of morality and conscience which is for Judge Raker alone to decide. If he should be elected he would be eligible to take his seat in the House of Representatives, but he would have to treat his oath of office, as judge, as a dead letter.

The population of Oakland has increased 128 per cent in the last ten years, and there is no question about the correctness of the returns. At the census bureau the returns from other Pacific Coast cities are held up for investigation. But Oakland is all right. You bet!

### The Pittsburg of the South.

The growth of Birmingham, Alabama, illustrates the tremendous industrial development in the Southern States during the last three decades. A census bulletin gives the city 132,565 inhabitants, an increase of 94,276 in the last ten years. Birmingham gained recently by the annexation of suburbs, but the growth of population in the district now included in the incorporated limits has been simply enormous.

must be a sore affliction to even a hookworm. But seriously, the Hindu is objectionable on general principles and not specifically because he is a sort of sang harbor for hookworms. It is unjust to hold the hookworm responsible for the laziness, filth and debased superstition of the Hindus. They are effete and rotten morally and physically. They are the dregs of an outworn civilization. Like maggots they breed and thrive best amid putrid surroundings. Cleanliness, which the Bible says is next to godliness, is an offense to the sanitary and hygienic creed of the gentle Hindu. He dwells in friendly companionship with vermin. Dirt is his natural associate and all evil smells are as incense to his nostrils. He belongs to a race that has run its course and persists merely because cholera and bubonic plague are ineffective to rid the world of him. He will do the hookworm to a frazzle in the end. Let us assist the hookworm in his battle with a survival that is without use or excuse.

Don't fail to see the Home Industry Exposition in the Bradley-Grote building on Broadway. It is well worth a visit. It will open the eyes of many and teach a lesson of great value.

### Timely Topics

A good illustration of the rapidity with which capital and talent move into new fields of industry is afforded in the case of airplane production. A Paris dispatch estimates that in little more than a year French manufacturers have turned out 500 aeroplanes, which have been sold for more than \$2,500,000. Here is an important selling at \$200 to \$3000 apiece, for which the demand in a single country seems already to have far outrun the supply.—Wall Street Journal.

Representative Washburn, chairman of the propagation dinner of the legislature recently, told a story of a pastor who, coming to a new parish, got his words slightly twisted in his announcement. Said he: "I have come here to feed the dead, cast out the sick and raise the devil." Another ministerial friend remarked: "I am sorry to see so many absent faces I used to shake hands with."—Boston Record.

## NATION-WIDE PLOT OF BAD MONEY IS BARED

Secret Service Discovers Bold  
Attempt to Float Bogus  
Bills.

WASHINGTON, Sept. 30.—The secret service has unearthed what appears to be a bold and extensive attempt at counterfeiting national bank notes. Notes of the same denomination and issue as were found yesterday, on the Pasadena, Cal., National Bank, were discovered today, issued on the First National Bank of Williamsport, Pa.

Chief Wicks is convinced that all the bills are being made by the same gang and has rushed orders by telegraph to every secret service man in the country to spread the dragnets.

### FLOAT \$10 BILL.

It was discovered today that the bogus ten-dollar bills on the Pasadena Bank were being floated, representing two issues instead of one, as first reported.

The Williamsport counterfeit is of a higher perfection than those on the Pasadena bank, which were pronounced by the secret service men to be the best they have seen in recent years.

The defects which marked the first one, such as the bad break over the left shoulder in the McKinley portrait, are absent in the notes discovered today. Two notes of the Williamsport issue have been brought to headquarters at Washington.

National bank notes in every city will be examined immediately by secret service men to determine how extensive the issue has been.

The character of the engraving on the notes testifies that the counterfeiters have a very complete plant.

### STRONGER FEDERAL CONTROL IS NEEDED

PUEBLO, Colo., Sept. 30.—Declaring that strong federal control and a modification of many present methods were necessary properly to conserve the natural resources of the country for the benefit of all the people, Francis J. Heney at the National Irrigation Congress, today attacked what he termed methods "by which the great corporate interests are endeavoring to grab the remaining energy producing agencies."

Heney reviewed the extravagance of the country in its early history with reference to the disposition of public lands and resources; the awakening and the endeavor now being made to save the remaining portion of the American birthright from the grasp of corporate interests.

### DIVIDED INTO CAMPS.

He said that the supporters of federal and state control were developed into two camps, that the corporations were supporting the state advocates because they saw in this an easier opportunity to secure the desired control.

Former Governor Adams of Colorado declared states' rights.

The report of the resolutions committee was read by Governor J. H. Kibbe of Arizona and adopted after the convention laid on the table a resolution advocating states' rights.

### September at Lake Tahoe.

The "Indian Summer" month is an excellent time to visit Tahoe. The weather is delightful, warm, balmy days and cool nights. Trout fishing in lake and Truckee river now excellent. Ask Southern Pacific agents about low week-end and ten-day round-trip rates. Tahoe Tavern closes October 15th.

## CHARGES SHE WED G. O. P. LEAGUERS WHILE STUPIFIED WITH LIQUOR

Marian Ruth Knox Sues for  
Divorce, Making Grave  
Accusation.

SAN FRANCISCO, Sept. 30.—The details of a marriage which the young bride claims was performed while she was stupefied by the intoxicating fumes of liquor, were revealed once more today through the filing of papers in the divorce action of Marian Ruth Knox, aged 19 years, against Charles Cole Knox, son of Wilbur K. Knox, a prominent and wealthy contractor of this city.

The original wedding ceremony was performed in August, 1908. Mrs. Knox claims under oath that she was of age, sober and sane at the time, but that her mother-in-law to be, with intoxicating drinks, and that her son and father escorted her to the county clerk's office, falsely swore that she was of age and got her to do so, obtaining a marriage license, and on the following day, while she was still somewhat muddled from the liquor, had the nuptial knot tied.

### SUES FOR DIVORCE.

These facts were set forth in an annulment proceeding shortly after the wedding, and the couple duly separated. Later, however, they remarried and it was not until a few months ago that Mrs. Knox brought the suit for divorce. She set forth the charges as above told, and in a cross complaint her spouse accused her of undue indulgence in intoxicants and said that his mother could not have pled her with drink because she needed no coaxing in the taking of the cup that cheers.

Today the young woman filed notice that she would move to have this portion of the cross complaint stricken from the record on October 7, on the ground that the facts contained in it were untrue.

Delegates From All Over the  
United States Meet in  
Convention.

NEW YORK, Sept. 30.—Republican activity shifted today to New York City, which welcomed a body of voters of that party from all parts of the country who came to attend the eleventh annual convention of the National Republican League. The leading features of today's session in Carnegie Hall was an address to "young voters," delivered by Colonel Roosevelt. The convention will be carried over to tomorrow. A parade of the delegates will be held in the evening, following a reception to President Taft at the Republican club.

Taft will be the guest of the club at a banquet in the Hotel Astor and deliver an address, which is expected to be of an important political nature.

Large delegations from Georgia and North Carolina have been sent to the convention. The notables in attendance include two score Republican governors, United States senators and representatives in Congress, and several of these will address the gathering. Representative Nicholas Longworth of Ohio is scheduled to speak at Saturday's session.

John Hays Hammond, president of the league, presided over the sessions of the body, which has a membership of more than two million, comprised of 3500 clubs, representing every state and territory in the Union.

President John Hays Hammond, in opening the convention, eulogized President Taft's administration and urged earnest efforts by all Republicans to elect a Republican House of Representatives this fall.

"The Democrats," said Mr. Hammond, "have failed to recognize the fact that the great majority of the insurgents are Republican insurgents."

## THREATENED HER LIFE, IS CHARGE

Wife of Police Department  
Attache Defendant in  
Divorce Suit.

SAN FRANCISCO, Sept. 30.—Thomas F. Reagan, a son of former Police Commissioner Reagan, and chief assistant in the Bureau of Identification of the police department, was made defendant in a divorce suit instituted this morning by his wife, Gertrude, charging him with extreme cruelty. Mrs. Reagan sets forth that on September 11, her spouse came home in an intoxicated condition, broke her nose, and rendered her unconscious. She asserts that he has frequently threatened her life and claims that he is of a brutal disposition. In addition to filing the divorce suit, Mrs. Reagan obtained a restraining order from Superior Judge Sawell to prevent her husband from interfering with the community property and household effects at the family residence, 345 Florida street.

General Treasurer—Tristram Babcock, Westerly.  
Representative, Second District—Thos. F. Cooney, Cranston.

The convention also pledged the Democratic candidates for the general assembly to support Judge Arthur L. Brown as a successor to United States Senator Aldrich.

SHERMAN IS SATISFIED.

UTICA, N. Y., Sept. 30.—Vice-President James S. Sherman of this city, in speaking of the state convention, said: "I am entirely content with the result. The platform is exceptionally clear and forcible, save only in reference to direct nominations."

"In that regard it needs explanation of its meaning, and explanations will differ. I preferred the minority plank, which was clear and unequivocal."

## PROFESSOR PLANS INTERNATIONAL ORGANIZATION

Meeting Called for Thursday Night, When Committee Will Be Appointed.

ONE OF NUMBER THAT HAVE BEEN FORMED

Great Interest Taken in the Proposed Club by Instructors and Students.

BERKELEY, Sept. 30.—An International Club, one of many formed in the universities of the country, is planned by Professor Scholz of the University of California, and a meeting has been called for Thursday night at the California hall, when a committee will be named to see about the work of organization.

This move has become so widespread that in almost every great university in the country one of these clubs is to be found. The idea is not new, the first club of the nature having been formed in the east nearly eight years ago.

The objects of the clubs are to promote better relations and better understanding between students of this and foreign lands, and, secondly, to be a part of the national and international organizations to play a part in the new internationalism.

### LOCATION APPROPRIATE.

It has been pointed out that California is an ideal place for an organization of this nature, as it is here that the east and west meet and where the Spanish traditions, which mean so much to the residents of the state.

Professor Scholz has been connected with several similar clubs and has the support of a large number from the faculty as well as members of the student body. From the faculty Professors Baird, Hutchins, Smith, Washburn, and Colonel Edwards are lending assistance. From the student body the following are aiding in the work: C. A. Hines, D. T. Babcock, E. J. Carter, R. E. Jordan, R. A. Swartz, E. P. Griffith, C. A. Fisher, A. W. Elliott, R. H. Smith, H. G. Goshert, E. D. McNear, H. H. Phleger and J. J. Pfan.

## ELMHURST TO HAVE FREE POSTAL DELIVERY

ELMHURST, Sept. 30.—At a mass meeting of the business men of Elmhurst held in the Redmen's hall last night the proposition of a free mail delivery was brought before the board of directors and they have agreed to a committee to visit all the residents of the district and urge them to have their houses numbered. The general post office in Oakland has promised the people that they will begin the free delivery of mail as soon as two-thirds of the houses on the territory are numbered.

A general delivery plan which is now in vogue is a source of great inconvenience to the business men and unless they have some one around their office or store they are forced to go without their mail or close up business until they can go after it themselves.

E. C. Colgrave has been appointed official house numberer and he is to make a house-to-house canvass all through the district.

### Berkeley Personals

## RHEUMATISM WEAK KIDNEYS & THIN BLOOD

Not only is the blood the great nourishing source of our systems, but equally as important is its work of removing the waste of oxidized tissues which have been consumed in force and bodily heat. This waste is filtered out through the kidneys. When, however, the kidneys become weak and unable to perform their regular duties, the waste is allowed to remain in the circulation, soon forming uric acid which destroys the greater portion of nourishing elements of the blood and leave it weak and acid. This imperfect blood deposits into the different muscles and joints the uric impurity with which it is contaminated. Then the pains and aches of Rheumatism commence. The gritty formation which uric acid causes collects in the joints and produces the aches and stiffness which always accompany the disease. Likewise the muscles are coated and lose their elasticity, while the continual irritation to the nervous system produces the pain and inflammation of the flesh.

S. S. S. cures Rheumatism in the only way it is possible to overcome the disease; it cleanses the blood of all uric acid poison and strengthens the kidneys so they are enabled to properly filter out the waste. S. S. S. is not only the best of blood purifiers, but a tonic. Book on Rheumatism free to all who write.

## DANCE WILL CLOSE SEASON FOR BOAT CLUB

W. F. STEINMETZ (top portrait) and A. W. BRAMP-TON.

## Brilliantly Decorated Quarters to Be Scene of Festivities

ALAMEDA, Sept. 30.—The Alameda Boat Club will have its closing day Sunday, October 2, at the clubhouse at the foot of Chestnut street.

Elaborate preparations have been made by the members to make this one of the most attractive events that this hospital club has given. The club quarters will be decorated with flags and greens. Over 2000 flags will be used. In the morning there will be races of all kinds and many handsome prizes will be given to the winners. The afternoon will be devoted to swimming stunts and other athletic games. In the evening the clubhouse will be brilliantly lighted and the members will entertain at a dance. The members of the different committees are as follows:

Reception—E. B. Thorning, president of the day; chairman, Joseph Kelley, W. F. Steinmetz, Fred Haddock, R. Ford, H. Hess, W. S. Nicholson.

Music—Al Dramp-ton and E. Norton.

Laborations—H. G. Nelson, E. Kehres, A. H. Bell.

Entertainment—Joseph Kelley, W. S. Steinmetz and R. Norton.

Refreshments—L. R. Grant, Robert McMillan, O. Sommers.

## RUGBY TEAMS ARE TO CONTEST TOMORROW

BERKELEY, Sept. 30.—Two games are scheduled to be played on California field tomorrow afternoon, the first being between the freshmen and Santa Clara College and the second between the varsity and the Barbarians.

The game between the varsity and Barbarians is expected to be an exceptionally hot one, as the latter team has shown marked improvement in its work during the last three weeks.

It is certain the freshmen will have to fight hard to defeat Santa Clara, as the Barbarians are known as a team of fighters and have a string of victories to its credit. The first game starts at 2:30 o'clock.

## TALKED TOO MUCH; GETS TWO BLACK EYES

FRUITVALE, Sept. 30.—As a result of talking too much about his neighbor in the saloon owned by Frank Franz, on the corner of Broadway and East 14th streets, Fred Garcia, a Portuguese, is going around with two badly discolored eyes and a badly broken nose according to spectators of the battle. The latter says Silva became intoxicated and began striking the patrons for how bad Garcia was and what he was going to do to him when he got his hands on him.

## SAN LEANDRO FORESTERS GIVE ANNUAL DANCE

SAN LEANDRO, Sept. 30.—The San Leandro Foresters held their annual dance Tuesday evening, in the Masonic temple. The music for the dances was furnished by the Boys' Glee Band, and considering the short time they have been organized they did remarkably well. Carl Ray Dutton, Fred Angus and Claud Trebble acted as floor managers, assisted by Victor Halstead, Arnold Altstome and John Mullens comprised the committee on arrangements.

## TAKE STEPS TO SAVE CHILDREN OF SCHOOL

BERKELEY, Sept. 30.—A strong voice is to be strung around the Le Conte school in order to prevent the children from being taken from the school and sent to the work that is being done in the railroad and street car tracks in that vicinity. This was ordered done by the council after receiving a request from the board of education to look into the matter.

## SOCIETY LEADERS TO DON BUSKIN

Melrose to See Maids and Matrons Trod Boards in Original Play.

MELROSE, Sept. 30.—Real live society maids and matrons of Melrose are to trod the plank before the footlights in a play of their own writing and they say that when they "put it on" they will show you what some other people's children can do. All the characters of the farce will be women. Not even one man will be behind the scenes.

The play, consisting of two acts and entitled "What the Pines Told Me," is a farce-comedy and is the work of Mrs. Grace J. Richards, while the music was written by Miss Edwena Jacobson. It will be presented in the Avenue Hotel, October 3, and the proceeds will be sent to the Red Cross for the relief of the victims of the earthquake in California.

Those in the cast are:

Mr. James Whitney, a New York millionaire.....Alice Jordan

Mr. George Trevitt, a burglar.....Grace Richards

Mr. Harold Whitney, the millionaire son.....Florence Selma

Mr. Frank Arnold, a lawyer.....Ruth Summers

Sybil Gray, Harold's sweetheart.....Ray Jordan

Maude Francis, a maid.....Mabel Page

Julia Selman, who is also in love with Harold.....Clara Baldwin

## FUNERAL OF MRS. ANN MCDUGAL IS HELD

ALAMEDA, Sept. 30.—Mrs. Ann McDougal, who died Wednesday at the home of J. W. Forsyth, 2225 Pacific avenue, was buried this morning from the funeral chapel of Smiley & Gallagher, Dr. F. S. Brush officiating. Mrs. McDougal was 81 years of age and a native of Scotland. She had lived in Alameda many years and was well known for her many kind acts to people. She is survived by one daughter, in Scotland.

## UNIVERSITY GRADUATE AND WIFE INJURED

BERKELEY, Sept. 30.—Mrs. Frederick Johnson, wife of a graduate of the University, was severely injured, while her husband was bruised and cut, when a stage in which they were riding, occurred near Willis Tuesday. The couple had been visiting in the northern part of the state and were returning to their home in Sacramento. The accident was caused by the breaking of a brake staff while they were descending a steep grade. Johnson and his wife arrived in this city yesterday and told of the accident.

## MUSICAL WRITER TO BE HEARD SUNDAY

BERKELEY, Sept. 30.—Caroline Lundine, basso cantante, will be heard Sunday afternoon at the Greek theater at the half-hour of music. Lundine began his study in the Royal Conservatory at Stockholm a number of years ago and completed his education in New York. He has lived in Berkeley for several years and has written extensively on musical subjects.

## Alameda Personals

ALAMEDA, Sept. 30.—The marriage of Miss Lillie Christine Olson and Fred Holmes took place last night in Christ church, Rev. Everett Couper reading the marriage service. A reception followed in the parish hall, when 100 guests offered their congratulations to the newly-married couple. The bride was attended by her father and was met at the altar by the bridegroom.

Mrs. Holmes is the daughter of Mr. and Mrs. B. Olson of 2223 Central avenue. She is an attractive and accomplished young woman and her marriage will be of interest to her many friends. After their return from the honeymoon the young couple will occupy a bungalow in Oak street that Mr. Holmes has prepared for his bride.

Mr. and Mrs. Al Latham have sold their home at 1515 Bay street and will reside with Mrs. Latham's sister, Mrs. W. S. Mitchell at 1327 Charles street, until their new home is completed.

Miss Katherine Gray and Miss Edna Curlls left last evening for the Grand Canyon of the Colorado. The Grays spent the summer months on the Russian river and Miss Gray entered into the country as one of the young local social set.

Mrs. J. W. Burnham has returned to her Clinton avenue home in the northwest, where she was the guest of her son and his wife, who are touring the country for the benefit of Mrs. Burnham's health. Mrs. Burnham also visited in Vancouver.

Mrs. Alice Davis will give a pretty luncheon for Miss Edna Fisher Wednesday, October 5, at her home in Broadway. The special luncheon will be red and places will be set for eight, the guests including the little circle at Monte Rio this summer. Those at the table will be the Misses Edna Fisher, Edna Olson, Margaret Vaughn, Elma McCord and the hostess.

## STATE BRIEFS

STOCKTON.—The city council has closed a deal for the purchase of 200 acres of land to be used for the disposal of city sewage. The purchase price is \$31,000.

SAN FRANCISCO.—Judge Van Fleet yesterday dissolved the injunction issued in the case of the Lower Klamath Gold Dredge Company against A. J. Dillingham, president of the Humboldt county. The matter was settled out of court.

OROVILLE.—Four residences were burned to the ground here yesterday morning. The contents of all were saved, but the buildings were a total loss.

SACRAMENTO.—Louis Blanchard, who is said to be the son of a wealthy San Francisco wholesale butcher, was sentenced to five months in the county jail for attempting to commit grand larceny in picking the pocket of a spectator at the state fair. Blanchard refused to give the name of his parents, saying that he did not wish them to know of his crime.

SACRAMENTO.—In answer to the statement of Max B. Leavitt, head of the Pacific teachers' agency, that he had not promised the state board of education that he would leave the state if he was not prosecuted, Superintendent Hyatt produced the minutes of the board meeting at the time Leavitt was on the carpet. Leavitt has declared his business legal, said Hyatt, but his methods are immoral and improper. Before we have finished with him I think we will prove, too, that they are illegal as well.

## FELLS WATCHMAN WITH MILK JAR

Thomas Bussco Declares That He Is Victim of Infuriated Wagon Driver.

FRUITVALE, Sept. 30.—Thomas Bussco, a watchman in the employ of the Barber Asphalt Paving Company, who resides at 1809 Bay avenue, Fruitvale, was found lying in a pool of blood at the corner of Twenty-first and Market streets by a paper carrier at an early hour this morning. He declared he had been beaten over the head with a milk bottle in the hands of an infuriated driver whom he had prevented from driving over the newly macadamized street. When he regained consciousness a few hours later he could not give the name of the dally or the number of the wagon which the brutal thug was driving.

According to the story told by him to Dr. F. Hamilton, the driver of the wagon attempted to cross over Market street at the corner of Twenty-second, but on account of it being just recently paved Bussco, who was standing guard over it, would not allow him to do so.

FELLED WITH BOTTLE.

The man then went away hurling oaths over his shoulder and the next Bussco says he saw of him was when he heard a loud noise at the corner of Twenty-second street and on rushing in that direction found that the driver had disappeared from his wagon and was busily engaged in beating down the barrier that had been placed at the crossing earlier in the day. When ordered to stop he became more angered and grabbing a milk bottle from the wagon rushed at Bussco and felled him to the ground before he could raise his hand to protect himself, according to the watchman.

After knocking him to the ground the man stood over him and hit him on the head every time he made an effort to raise himself. That is all the injured man remembered until he regained his senses on a nearby door step about an hour and a half afterward.

This matter was reported to the police, but as yet they have been unable to find any trace of the alleged thug.

SAVE THIS COUPON.

Diamonds, Watches, Jewelry \$1 a week. Brilliant's, 704 Market street. Open Saturday nights.

## LOUD AND NOISY PAJAMAS TO RULE AT MONSTER RALLY

BERKELEY, Sept. 30.—The annual pajama rally will be held tonight in the Greek theater, and from present indications it will be one of the finest and largest ever held at the University. It. H. Moulton will be in direct charge of arrangements and will introduce the speakers.

It has been ruled by the committee that no one except those in pajamas or fancy costume shall be allowed below the diazoma. The committee urges that all who attend wear loud and noisy nightwear.

Colonel George C. Edwards, Professor Edmund O'Neill and Professor William A. Setchell will read the addresses of the evening.

## POLICE TO HEAR LECTURES TODAY

Second of First Aid Series to Be Given in Squad Room at Berkeley Station.

BERKELEY, Sept. 30.—The second of the series of first aid lectures will be given today for the benefit of the members of the Berkeley police department, the squadroom being turned into a lecture hall for the purpose.

The lectures are being given under the auspices of the Red Cross Society and have met with the approval of Chief Vollmer, who believes the officers are being greatly benefited by them.

In addition the policemen of the city have all been equipped with first aid packets, after being instructed in their use. These packets are of a nature that they can be carried in the pocket and have been specially prepared by the Red Cross Society for police work.

ANGELUS MUSIC COMPANY FAILS  
\$73,000 Stock of Pianos and Musical Instruments Involved.

Next Step of Defunct Concern Not Known Yet.

Last week came the first announcement of the failure of the Angelus Music Company, one of the most severe business catastrophes which has recently taken place in Los Angeles and which has been a topic of widespread conversation among the city's other piano houses and among business men in general for several days.

The stock of pianos and musical instruments involved totals in the neighborhood of \$73,000 and includes what is generally conceded to be as fine a line of high grade musical goods as has ever been shown in this city. The Angelus Company were exclusive agents for such pianos as the Hessel, the old reliable Decker, the Hobart M. Cable, the Leland, the Story & Clark, the Drexel, the Steinbock, and a great number of equally fine makes. Nothing definite is known regarding the action which the Angelus Music Company will next take, although it is generally understood that the manufacturers whose goods they handled have joined issue and that their representatives are even now on the way to Los Angeles to take charge of the business.

## DEMOCRATIC ANTAGONISM LESSENER, SAYS JOHNSON

Gubernatorial Aspirant Speaks Under the  
Trees at Modesto Before Greatest  
Gathering in History

MODESTO, Sept. 30.—Hiram Johnson, candidate for the position of governor on the Republican ticket, faced one of the largest audiences which he has yet drawn in the present campaign here, last night. The night was warm. It was decided by the local committee that it would be best to hold the meeting in a place where the audience could be accommodated. The gathering took place under the shade of the trees in the park. The atmosphere was electric. Johnson, who said that the attendance showed that there could be a sweeping victory for the Republicans at the polls in November, such gathering, he declared, had not been known in Modesto since the early days, when the fathers of the present members of the Republican party assembled for the purpose of organizing their opposition to slavery. Johnson covered the ground that he had already covered in a hundred places and referred to the Democrats by declaring that, granting that the Democratic candidates and as many as the first gathering, so their antagonism to the end of corporate influence in the government of the state had diminished very markedly and that with the best and purest aims in the world, a Democratic government

would be unable to serve the best interests of the people with a legislature that is controlled on all sides by the Republican.

### MAKES SPEECHES.

MERCED, Cal., Sept. 30.—Hiram W. Johnson left Modesto at an early hour today and before noon and made three speeches to 1200 persons. The first was made at Corcoran, where the Republican nominee for Governor spoke to 500 persons in the town hall. The school children were dismissed and the high school students under their yell leaders gave a most spirited new campaign song. At Corcoran Johnson spoke to a crowd of 300 on the street. Johnson arrived here at noon and addressed a street gathering. Five miles outside this city he was met by a delegation of automobiles and escorted into town. Johnson today the Republican nominee will speak at Modesto and tonight at Fresno, leaving that city after the meeting of the state for Los Angeles.

## BELL GREETED BY CROWD OF VOTERS IN COLTON

SAN BERNARDINO, Sept. 30.—Theodore Bell and Tim Spellacy, candidates on the Democratic ticket for the positions, respectively, of governor and lieutenant-governor, instead of going to Imperial, which was on their itinerary for yesterday, went to Colton, where both spoke to a large number of people. Bell, who is a native of Colton, in their discussion of the issues of the campaign in the through was a mass band, which played patriotic airs to enliven the occasion. Among the leading Democrats who greeted the candidates were C. A. Rouse, chairman of the Democratic county central committee; M. E. Cook, secretary of the same organization; J. W. Curran, formerly district attorney of San Bernardino county; and James H. Boyd, who was postmaster under President Cleveland.

### TELLS OF FIGHT.

Bell told of the fight which the Democratic party had made for years in that interest of the people and declared that it was only the Democratic party which looked after the welfare of the common people and the welfare of the country. He also indicated the move to organize the great Pacific-Pacific International exposition for San Francisco, declaring that the holding of the show there would mean the advancement of California to a degree which had never before been achieved. After the address, the candidates took a walk at the Elks club as the guests of William M. Parker, treasurer of the Democratic county central committee, and C. J. Wilkins, a local grower of Highland.

### OPINION DIFFERS.

There is considerable difference of opinion among the editors in this section as to the outcome of the campaign, many of the writers declaring that Bell will run a great deal stronger than he did for the same office four years ago.

## BLOCK IS BURNED IN MISSISSIPPI TOWN

GULFPORT, Miss., Sept. 30.—A solid block of buildings was destroyed by fire early this morning. In the block were the postoffice, two hotels, two theaters, several business houses and a number of frame buildings. The fire started in a barber shop, but the cause is unknown. The postoffice building was an old one, and the government was using it only temporarily.

## TRADE BOARD HOPES TO AVERT BIG STRIKE

LONDON, Sept. 30.—The Board of Trade intervened today in an attempt to avert a lock-out in the cotton industry threatened for October 3.  
An official of the board went to Manchester to interview members of the federation of master cotton spinners and representatives of the employees and hoped to be able to arrange a round-table conference.

# MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my heart fluttering and I could not even receive a letter. Every month I had such a bearing down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a grand and also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it."—Mrs. MAZ McKnight, Oronogo, Mo.

Another Grateful Woman. St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sana-Tive Wash and now I have no more troubles that way."—Mrs. AL. HILTZ, 6722 Prescott Ave., St. Louis, Mo.

## SHAFT RAISED ON HARRIMAN'S GRAVE

NEW YORK, Sept. 30.—The cornerstone of a monument to mark the grave of the late Edward W. Harriman at Arden, N. Y., has been laid by Mrs. Harriman in the presence of the members of the Harriman family. Skilled artisans are now at work on the monument, which, when completed, will be a masterpiece of plain design in which will be carved Mr. Harriman's name, with the date of his birth and death. The simple ceremony was conducted with such reverence that the neighbors who had been performing the grave in a grove of huge forest trees, of which there are many on the mountain side near Arden, the home of the Harriman family.

SHOW BIG INCREASE. WASHINGTON, Sept. 30.—The population of Washington, D. C., for the year ending in 1910, was 22,355, or 23.7 per cent over 18,114 in 1900. The population of Birmingham, Ala., is 122,635, an increase of 31,270, or 25.4 per cent over 91,365 in 1900.

## SICK HEADACHES AND DEBILITY AFFLICTED THIS KANSAS WOMAN.

Dr. Williams' Pink Pills Cured Her After Other Remedies and Treatments Had Been Tried in Vain.

There is no mystery about the fact that Dr. Williams' Pink Pills are a blood-builder and a nerve tonic, nothing unrecognizable and not in the power of the doctor to cure severe nervous disorders such as diseases of the blood. Dr. Williams' Pink Pills are a specific for anemia, or deficiency of blood. Hence they are a remedy for all nervous diseases which result from, or thrive under, anemic conditions. One such case is the nervous headache and the success of the tonic treatment through the blood is thus described by Mrs. Walter Anderson, whose address is R. F. D. No. 1, Valdez, Kans. She says: "Ever since I was a child, I suffered with sick headaches and when I was thirteen years of age I had severe attacks of migratory rheumatism in my limbs, which were terribly swollen. I suffered intense pain and from that time until I was 20, Dr. Williams' Pink Pills I suffered a general weakness. There was a constant pain through my head and I never saw a well day. I was weak, generally run down and had no ambition to work. My blood was thin and I lost in weight. I was thin and languid all of the time. I had no appetite and my stomach was out of order. Whenever I was chilled I was troubled with rheumatic pains in my limbs. I was a nervous case and was often confined to bed a week. "The doctors did not do me a particle of good and they did not seem to know what ailed me. After I had been under their care for some time, my father decided to have me try Dr. Williams' Pink Pills. I could see that they were helping me after taking the first box for my stomach came back and my head has been supported. I have been in very good health since." Dr. Williams' Pink Pills are unequalled for the treatment of even the most severe nervous disorders, such as neuritis, neuralgia, partial paralysis, St. Vitus' dance and locomotor ataxia. As a tonic for the blood and nerves they are of every where with the greatest success, building up wasted bodies and bringing the glow of health to pale and sallow cheeks. One booklet, "Diseases of the Blood," will be sent free upon the receipt of any sufferer from impure or impoverished blood. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, prepaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

## Railroad News ALL ABOARD FOR THE DUCK HAUNTS

Season Opens Tomorrow and Special Trains Will Run; Fall Excursions.

The duck season, which opens tomorrow, is now causing many of the hunters to ask questions regarding train schedules. The Southern Pacific Company has not overlooked the hunters and a nice winter schedule has been put into effect. Hunters can leave here at 5.30 o'clock in the evening and get the early morning train, or they can get an earlier train and arrive on the hunting grounds in time for the evening shoot. A few years ago special rates were given all hunters, but the State law now prevents special privileges and for that reason the full fare will be charged.

S. L. Hall, local ticket agent for the Pacific Coast Steamship Company, is a booster for the duck. He advocates trading in Oakland and is trying to impress everyone that the only way to build up a city is for all to pull together. He is a member of the Chamber of Commerce and is preaching this doctrine to the members at every opportunity. Incidentally he wants the Oakland people to buy their railroad and steamship tickets on this side of the bay and points out the fact that the service is better on this side than in the city, as people can have the companies handle their baggage for them here, which they could not do if the tickets were purchased on the San Francisco side. He says that the companies are supporting the officers on his side and that all the money goes through the Oakland clearing house, which is a point that should be considered in favor of the local office. He is determined to continue with his arguments until he finally gets people to think in the same light with himself.

## EXCURSION ACTIVITY.

The local agents for the Southern Pacific Company have been particularly active during the past few days answering questions and selling excursion tickets to the many places of interest to which the company's boats are offered. Many people are going to Alameda to witness the regatta maneuvers. The apple carnival at Watsonville is also attracting much attention, and under the advertising system that has been inaugurated by the railroad company, this carnival promises to be the largest celebration of its kind ever held in that part of the State. The Southern Pacific Company has little fold-out regarding the carnival which all employees in this district are enclosing in the letters sent out by them. It is hoped that this carnival will do for the apples of that part of the State what raisin did for that product.

## OFFICE IMPROVEMENTS.

The Southern Pacific Company is having a large sign painted on the windows of the local office and is having other small improvements made which will greatly help the appearance of the office. Arrangements have been made to give the Danish special the right-of-way over all trains between here and Fresno when the delegates to the convention leave the city next Sunday morning.

## BUSY TIMES.

The Western Pacific and the Globe Express Company both report a large increase in business during the past week. The Western Pacific is looking for competent freight men and is adding to its long list of employees in the freight department. The freight sheds here are becoming congested and if business keeps increasing the force of men will have to be doubled before the week is over.

The Globe express, which opened its offices here on September 1, also reports an increase of business and the local officers expect new wagons and equipment here about the first of the week. All of the equipment for this company is made on the Pacific Coast and all the people employed in the department are local boys and are well known in Oakland. The office is in charge of R. S. Wilkinson, formerly bill clerk of Wells-Fargo Company, and his assistant is Leonard McKenna, who is also from the local Wells-Fargo office. L. C. Davis is solicitor and auditor for the company.

## SANTA FE INNOVATIONS.

The Santa Fe has put on sale a new ticket, which calls for two trip fares between Oakland and Richmond, Schmitt Sixth street and Richmond. This new ticket will help Oakland in all local passenger care now comes to this city at no extra cost, and gives local passengers the same rates as the street cars. The Santa Fe Company has sent out a new tariff which allows chambers of commerce, California Development Board and similar organizations, to check baggage perishable articles which are to be used solely for exhibition purposes at expositions.

## THE TRACTION COMPANY TO RUN SPECIAL CARS FOR BIG MARDI GRAS DANCE.

Invitations are now out for the Panama Pacific Mardi Gras and are being mailed as rapidly as possible. As there is a possibility of rain being forecast for the night of the dance, the committee of which J. G. Wirth is chairman and John B. Jordan is vice chairman is desirous of having all the people entitled to admission left with the committee at 1000 Broadway where they will meet at 10:00 p.m.

## S. P. FRANCHISE UP FOR DISCUSSION IN COUNCIL

The Wharves and Waterfront Committee Hear Protests Against Grant.

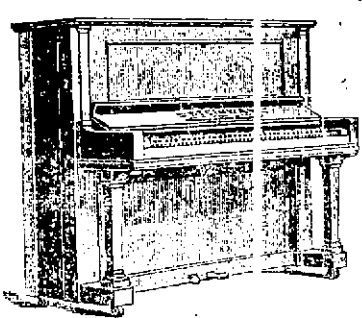

BURKE WILLING TO OPEN SEVENTH STREET

De Fremery and Morgan Would Demand Certain Privilege From Company.

The proposed Oakland mole franchise of the Southern Pacific Company was brought up at a meeting of the wharves and waterfront committee of the city council last night and several petitions protesting the proposed franchise were presented and read. Several interested citizens appeared in behalf of the petitions, but no action was taken by the committee.

As soon as the committee was called to order, De Fremery addressed the members and asked that a vote be taken by the city to reserve the right of way for the proposed franchise. De Fremery stated that the Southern Pacific Company at present occupies the property at the foot of the city, between Second and Third streets, and that the company is now in the process of building a mole at the foot of the city, between Third and Fourth streets.

## The Sky-Scraper vs. The Cottage

Forty years ago that humble cottage occupied the present site of the Oakland Bank of Savings Building. Oakland has grown since. The old landmarks are gone; most of the firms doing business in those days are no more. Bowman's, then a small drug store, not only exists today, but takes first place in the new and prosperous city.

Its big Broadway store and its busy branches are conclusive evidence that it pays to deal fair with the public.

## POET NOT WEDDED TO HOME, CHARGE

Wife of Richard Le Gallienne Declares Husband Was Delinquent Male.

PARIS, Sept. 28.—"Poets and artists should not marry. Marriage is beneficial to poets, but bad for their families," said Mrs. Richard Le Gallienne, who is suing for divorce from her poet husband, explained the philosophical reason why it was impossible for her to live with the poet. She is now struggling to make a living as a milliner in a quiet quarter of Paris, drawing together the curtains and lighting the lamp from the salon, she began.

"I have read the lives of the great poets and find that practically all were unable to attain domesticity. I don't know why, but it seems to be a weakness born of their poetic power. That woman is foolish to marry a poet, but she will not discover the truth until it is too late. Richard is a charming fellow. He never bored me with his poems, and that is a lot to say of a man."

## BEST WORK AT HOME.

"Did Le Gallienne find that home interfered with his poetry?" asked the correspondent.

"On the contrary," was the reply, "the poets that he did his best work when our homes were together. He did not write those lines without consulting me. Since our separation he has merely drifted and has performed no serious work."

"What, why the separation?" answered Mrs. Le Gallienne. "Seems to me need frequent change. No poet can remain one married to the same woman."

"How about Browning?"

"Browning had the bourgeois or peasant character, and after all it is the bourgeois folk who keep the world going. Superlative gifts are usually somewhat unbalanced. And," added the poet's wife, after a reflective pause, "I have a little daughter to care for."

## Made-to Order Clothes At Common-Sense Prices

Radical results are the outcome of the radical methods; selecting merchandise, figuring profits, making sales and buying up guarantees according to plans pursued for years—may do for the merchant who is satisfied with present conditions—but we can't do here. We intend to keep this shop forging ahead and are constantly developing our methods and improving our service in order to do it.

Right now, when thousands of men are in the clothes buying mood, we invite unprejudiced comparison of our offerings with those of other houses. Now, when stocks are fully sorted, is the time to decide which establishment offers you the best value for your money. We have never failed to satisfy the tailoring demands of any man who has ever visited our shop, and for the Fall Season we have not overlooked an item of the world's product of fashionable fabric.

## Suits-to-order \$18 to \$40

## Investigate This Specialty

Heretofore too much effort has been made in this city to sell "cheap clothes." We propose this season—right at the beginning—to put out a line of suits and overcoats at \$25.00 which will show clothes character plainly that no question can arise as to their desirability and remarkable class. Beautiful fabrics in exquisite new shades; positively as good tailoring as can be found anywhere in the country. If you appreciate FINE CLOTHING, but cannot afford high prices, this is your opportunity. Including blue indigo serges.
